

Nirmala College for Women, Coimbatore

Anti-Ragging Committee

Minutes for the Academic Year 2017-2018

The Anti-Ragging Committee has always been keen in spreading awareness for the I Year UG students. The Committee reinstates the safety and guideline measures offered by the institution as well as the government in order to protect themselves from the ragging threats. The Ragging Curb Committee is a vital agent in preventing friction among students and assures a healthy environment for every student.

- **Mrs. P.C.Lakshmi, IPS**, Deputy Commissioner, Coimbatore addressed the gathering in an orientation programme.

The Committee encourages students to come forward with their problems related to treatment by fellow students or any other person within the campus through complaint letter boxes and phones. Immediate responses and mandatory actions have always been taken on the circumstances after proper enquiries. The students of the College have found the cell to be the haven for any problem occurs in the College.
