2021 -2022

TOPIC	: Workshop on “Resume Preparation using WPS Office”
RESOURCE PERSON	: Ms. Divya (Alumna) Graphic Designer
DATE	: 04.10.2021 to 08.10.2021
NO. OF BENEFICIARIES	: 335

The career guidance and placement cell of Nirmala College for Women, Coimbatore organized a workshop on “Resume Preparation using WPS Office” on 04.10.2021 to 08.10.2021 through online mode. The guest of honour of this program was Ms. Divya Graphic Designer and Alumna of our institution.

Ms.Dhivya has clearly covered the following contents during his workshop

Writing a Great Resume

[WPS Office 2016](#) is a free suite of programs that gives you an alternative to MS Office. The major difference is the price. If you have a subscription to MS Office 360, your cost is about \$120 per year, and if you buy a copy, the cost can be in the hundreds of dollars. WPS Office was chosen the best MS Office alternative by both [PCWorld](#) and [CNET](#).

WPS Office runs on Windows, Linux, Android and iOS operating systems. In addition, this free suite is totally compatible with Microsoft Office, and MS Office users can open any document from WPS Office users.

WPS Office for Resume Creation

When you write a resume, you want it to be noticed and stand out from the crowd, but not in a manner that is outlandish and unattractive. With WPS, you can choose a professionally designed resume template, or build your own resume from scratch.

If you use a [Writer](#) template to get started, you still have lots of options to customize your resume so that it reflects your style within a professional template. You can choose:

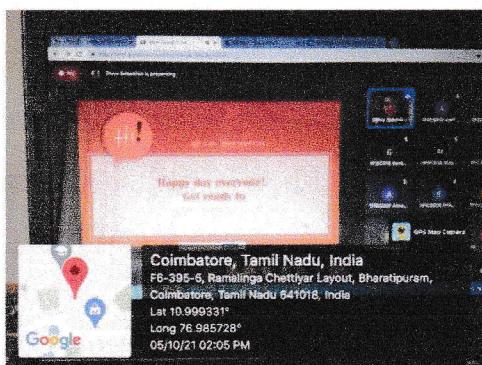

- Fonts
- Formatting
- Headings

Resume Writing Tips

Tip 1: Pack the Front End

Use that first paragraph under "identifying information" (name, address and contact information) work for you by giving compelling reasons why the employer should hire you. The first third of the first page of your resume determines whether you make the all-important first cut. Check out the number of templates Writer has for resumes to find one that begins with your skills and experience. If you're a new graduate, talk about any part-time work you have done as well as volunteer work.

Tip 2: Use Keywords

If a human is doing the resume reviews, keywords help considerably in matching job descriptions with an applicant, but if the resumes are being reviewed automatically (by a system known as an Applicant Tracking System or ATS), the ATS is looking for the same keywords. So, carefully review the job description and then include keywords that match words in the job description. ATS is only concerned with keywords at this point of the recruitment process.

Tip 3: Lots of White Space

When text is in large blocks that are hard to scan, the reader gives up. Instead, use headings and lists to break up pages and make for easy reading by humans.

If you think you have too much information to include white space, you're wrong, and your resume needs to go on a diet. One page is best.

Tip 4: Achievements That Can Be Measured

"Supervised a group of 30 sales representatives" is a good start. But a better way to relate that same information is:

"Supervised a group of 30 sales representatives across eight states on the East Coast. My group always reached assigned dollar goals, and two of the last four years, exceeded it."

Last Words

WPS Office's Writer offers a large number of resume templates that are easily customizable so that using the tips are easy. Following are additional tips that will help you make that all-important first cut:

Never use the word "I."

If space is an issue, margins can be as small as .5 inches, and fonts can be size 10.

Use abbreviations sparingly.

Use a cover letter when you send your resume – search WPS templates for inspiration.

335 students from all the departments got benefited out of this workshop.

The career guidance and placement cell organized a webinar on the basics of career planning. Career planning is a crucial step that can determine the direction of your professional life. Career planning is a process of identifying the professional path that will suit your personality, interests and goals. It involves exploring different career options, performing a self-evaluation to test your suitability for these and finding the right ways to get on a career track.

Career planning is finding the right job that fits your skillsets, your interests, your level of talent and values. On other hand, it can also be defined to be a step taken back to understand the prospects of growth in one's profession. A career goal is a statement that explains how to plan progress in your career. Clear career goals are important for every candidate. And well planned career goals make it easier to get jobs, succeed, earn more, and grow. They can be short-term, like getting a promotion or certification, or they can be long-term, like running your own successful business or being an executive at your dream company.

98 students from various departments benefited out of this programme.
