

## **"Human Excellence Our Life Breath"**

*Theme for the Academic year 2020-2021*

God, the Lord created the heavens and stretched them out, He created the earth and everything in it. He gives breath to everyone, life to everyone who walks the earth. Isaiah 42:5

Excellence is a word that we use in our daily life to express our highest appreciation for any human accomplishment that exceeds our expectations. Through the ages, the spirit of human excellence has been exemplified by men and women from all walks of life. Though the present generation is better informed, competitive and active in the society, but in the areas of human compassion and concern for others, there is a genuine and noticeable downward trend, which is definitely an alarming and dangerous one in the present society. The uncertain environment of today, due to the outbreak of the pandemic needs human excellence as life breath to reach the society with human values. Everyone must realize the fact that life demands human values more than knowledge and skills. Ralph Marsten opines that, 'Excellence is not a skill, it is an attitude'. So, education is not for mere living, it is for life, for a fuller life and for a mere meaningful life. Therefore, education should be for human excellence which is the life breath of all, especially for the youth of today-the leaders of tomorrow to face, lead and guide the future. There is a great anxiety in the world today over the future of mankind. As a result, the vibrant energy of youth must be given constructive outlets with a focus on developing strong ethical values and best practices. The survival of the society and the environment depends on a widespread renewal of individual commitment and dedication for human excellence to awaken human conscience which is truly based on purity of thought and character. I would like to include the words of Aristotle which says, 'we are what we repeatedly do, excellence then is not an act, but a habit'.

---

The theme of this Academic year, 'Human Excellence our Life Breath' aims to revitalize human value systems and evolve a comprehensive methodology for bringing about positive changes in the lives of our students and thereby promote human excellence in the real sense. Whatever is true, whatever is honorable, whatever is just, whatever is commendable, whatever is lovely, if there is any excellence, if there is anything worthy of praise, think about those things which not only encompasses our lives, but the lives of those around us-at home, college, work and community.

God bless you all!

## **Semester System**

All Under Graduate and Post Graduate courses are offered under the Semester system. Each academic year is divided into two Semesters(Odd & Even).

## **Fees**

Fee has to be paid online through the College website [www.nirmalacollegeonline.ac.in](http://www.nirmalacollegeonline.ac.in) at the commencement of every Semester. If the fee is not paid within a week from the beginning of each Semester, the student's name will be removed from the roll.

If a student leaves the College during her period of study she does not have the right to claim remission of any portion of the Semester fees.

## **Day Order System**

Under the Semester pattern the College works for 180 days in a year. Each semester will work for 90 days of 5 hours each from 9.00 a.m. to 3.00 p.m.

The College follows the Day Order system and it is denoted by numbers 1, 2, 3, 4, 5 & 6 and the time table will be followed accordingly in a continuous manner.

## **General Assembly**

General assembly will be conducted regularly and every student is expected to attend the same.

## **Class Hours**

The working day is divided into two sessions and each session into periods of one hour each. The morning session is from 09.00 a.m. to 12.15 p.m. and the afternoon session from 1.00 p.m. to 3.00 p.m.

At the first warning bell at 8.55 a.m. students should go to their respective classes for the Morning Prayer at 9.00 a.m. Strict silence should be observed during the prayer.

At the commencement of each hour when the teacher enters, the students are expected to stand up and respectfully greet her. The students likewise should stand up when the teacher leaves the class.

No student shall leave the classroom without the permission of the staff member before the class is dismissed. Students should be regular and punctual in attending classes and in all activities connected with the College.

Strict silence must be observed during class hours in the classrooms and in the College premises. Eligible student will be selected and appointed as class representative at the beginning of each year.

When classes are dismissed, students are expected to leave the room in a quiet and orderly manner giving way to the staff members. While moving from one class to another, no disturbance must be caused to other classes.

### **Attendance**

The staff-in-charge shall take the attendance at the beginning of each class and it will be uploaded in the Computer on the same day. Late comers will not be permitted to enter into the classroom. Attendance during tests and internal assessments is compulsory.

#### Attendance for the End Semester Examinations

- 90% of attendance is necessary to write the Semester examination.
- Exemption may be granted either on medical grounds or when a candidate is representing the College / University participating in sports, games, camps and other training programmes.
- The students should have a minimum of 60% attendance to apply for condonation. Students having less than 60% of attendance should redo the missed Semester and then continue the remaining Semesters.

## **Leave of Absence**

A student requiring leave must apply for it in advance in the prescribed form. In case of absence due to unforeseen cause, application for leave must be submitted on the first day of return to the College. Leave applied for reasonable causes will be ordinarily granted.

Medical Certificate must be submitted for extended leave (more than three days] on medical grounds. In case of prolonged leave parent / guardian should contact the College Principal not later than the fourth day of the leave taken by the candidate.

A student requiring leave for a period or portion thereof must apply to the staff-in-charge of that particular period in person before the class begins.

But if a student requires leave permission for an hour for more than one day she must submit a letter seeking permission to the Head of the Department through their respective Tutor / staff incharge. Leave letters must be attested by the warden in the case of inmates of the hostel and by the parent / guardian in case of day students and sent on time.

A student absent from class even for a period without due permission, will suffer loss of attendance for the full day. Continued absence without leave letter will render a student liable to have her name removed from the roll.
