

SNEHA POSITIVE FACES

ACTIVITIES (2018-2019)

Sneha -Positive Faces is a unique social service organization of our College working with a zeal to mitigate the problems of the HIV patients.

Its motto is "Live and Let Live". Sneha seeks to provide a sanctuary for all HIV positive/AIDS patients and a new meaning to their life. It endeavors to combat the killer disease AIDS. All social service organizations of the Presentation Management come under the umbrella of SNEHA. With a foresight of "Home for HIV persons" six acres of land has been purchased in Sevur.

Sneha -Positive Faces involves itself in various activities such as :

- ❖ Medical assistance by doctors and pharmacists.
- ❖ Free medical checkups, consultancy and soya beans are provided to the patients on the first Sunday of every month.
- ❖ Diwali and Pongal are celebrated to regain their joy, giving a new meaning to their life.
- ❖ Staff and students of the College contribute generously in terms of cash and kind.

ACTIVITIES:

Sneha Positive Faces is a unique social service organization of our college which aims at serving the HIV affected AIDS patients. This year the Department of Mathematics had an opportunity to extend a helping hand to the unique cause. About 10 of our students actively participated in every activity of the programme held on the first Sunday of each month. Our students engaged themselves in arranging for periodical medical checkups, packing of soya bean powder and other nourishing food items. The students took utmost care in distributing free medicines and other toilet articles for those who came for the camp. The department was happy to extend a successful service towards the rejuvenation of the AIDS patients and still looks forward to continue the same in the forthcoming years.
